PROBLEM STATEMENT

DOMAIN 1:

ENHANCING CHARITY & DONATIONS THROUGH FINTECH & TECHNOLOGY

Despite fintech growth, the management of charitable funds like **Waqf**, **Zakat**, and **Sadaqaf** still faces:

- ✗ Lack of Transparency
- 🕒 Inefficient fund distribution
- 🚫 Limited donor access & engagement
- 📄 Outdated tracking and reporting system

There's a need for a modern, tech-driven platform to make donation processes **seamless, secure, and impactful**

SOLUTION OVERVIEW

A TRANSPARENT & INCLUSIVE DONATION PLATFORM

Our platform deliver a mobile platform that simplifies charitable giving and requesting donation through:

User -generated donation request

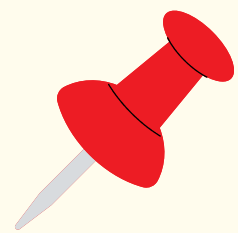

Blockchain-based fund tracking

AI-driven content screening

Impact visualization through user achievements

Goal: To ensure donations go to the right hands, in the right way -
securely, transparently and efficiently

APP FEATURE

HOME PAGE

- Browse verified donation request
- Segmented to request, thank you, favourite and history
- Real-time donation progress bar on each request

CREATE POST

(REQUEST DONATION)

- Fill out purpose, details, add photo
- Self - declaration & declaration of authenticity
- AI checks for fraud prevention

ACHIEVEMENT

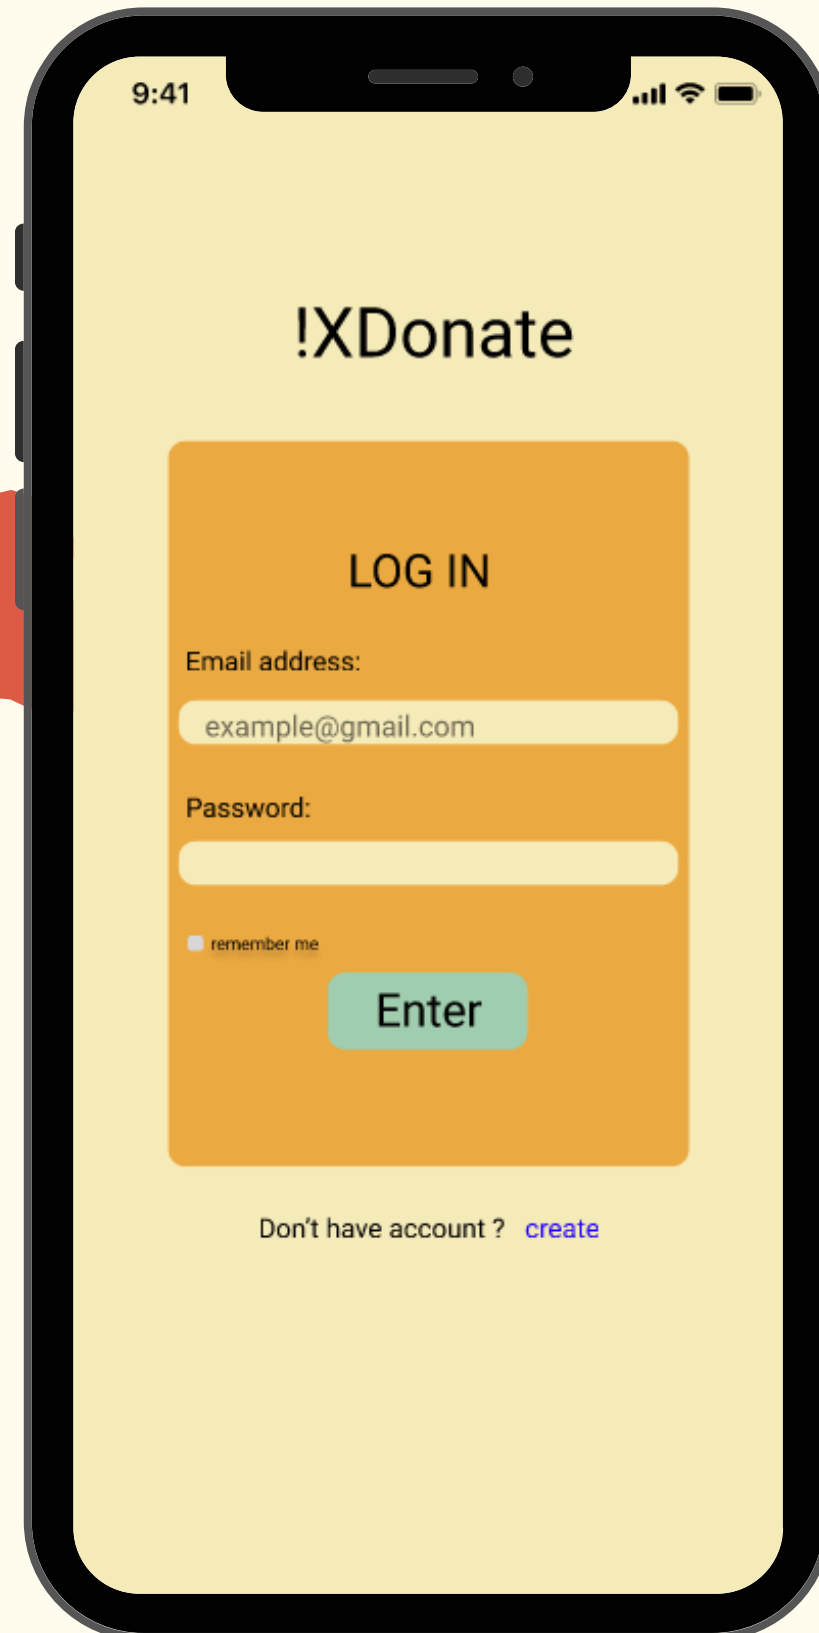

PAGE

- Motivation via small pet (e.g: XX amount give XX XP)
- Track total contribution

FRAME - BY - FRAME DESIGN

LOGIN PAGE

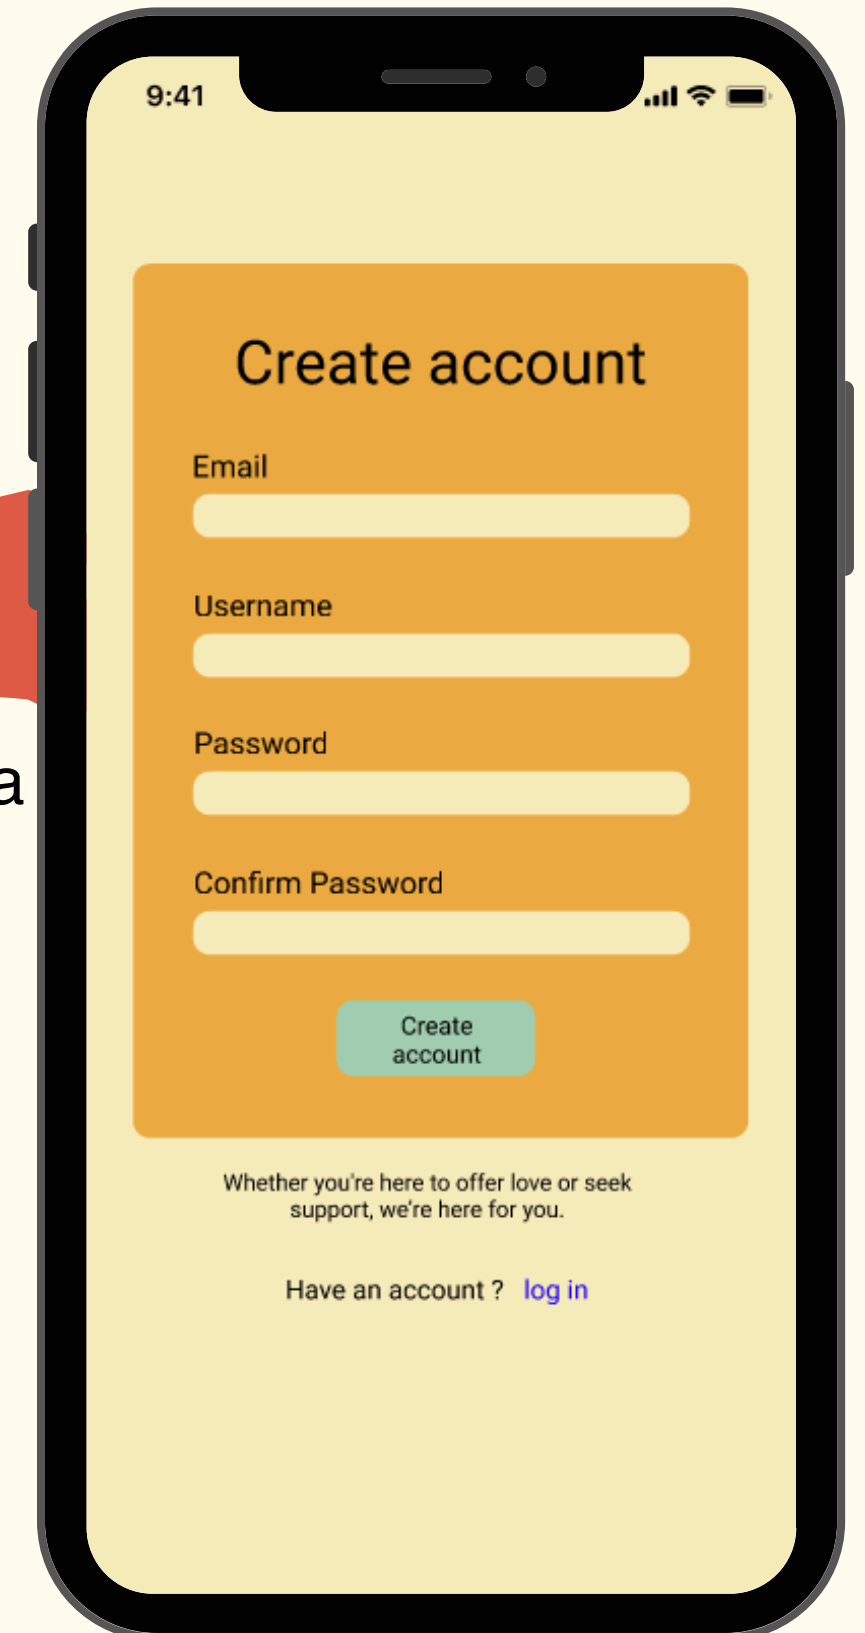

Allows users to log in using their email and password.

The login screen for the !XDonate app. It features a yellow background with a black header bar showing the time 9:41 and signal/battery icons. The app name '!XDonate' is centered at the top. Below it is an orange box containing the 'LOG IN' title. The form includes an 'Email address:' label with a text input field containing 'example@gmail.com', a 'Password:' label with a text input field, and a 'remember me' checkbox. A green 'Enter' button is at the bottom of the orange box. Below the orange box, it says 'Don't have account ? [create](#)'.

SIGN UP PAGE

Allows users to create a new account by providing details like username, email, and password.

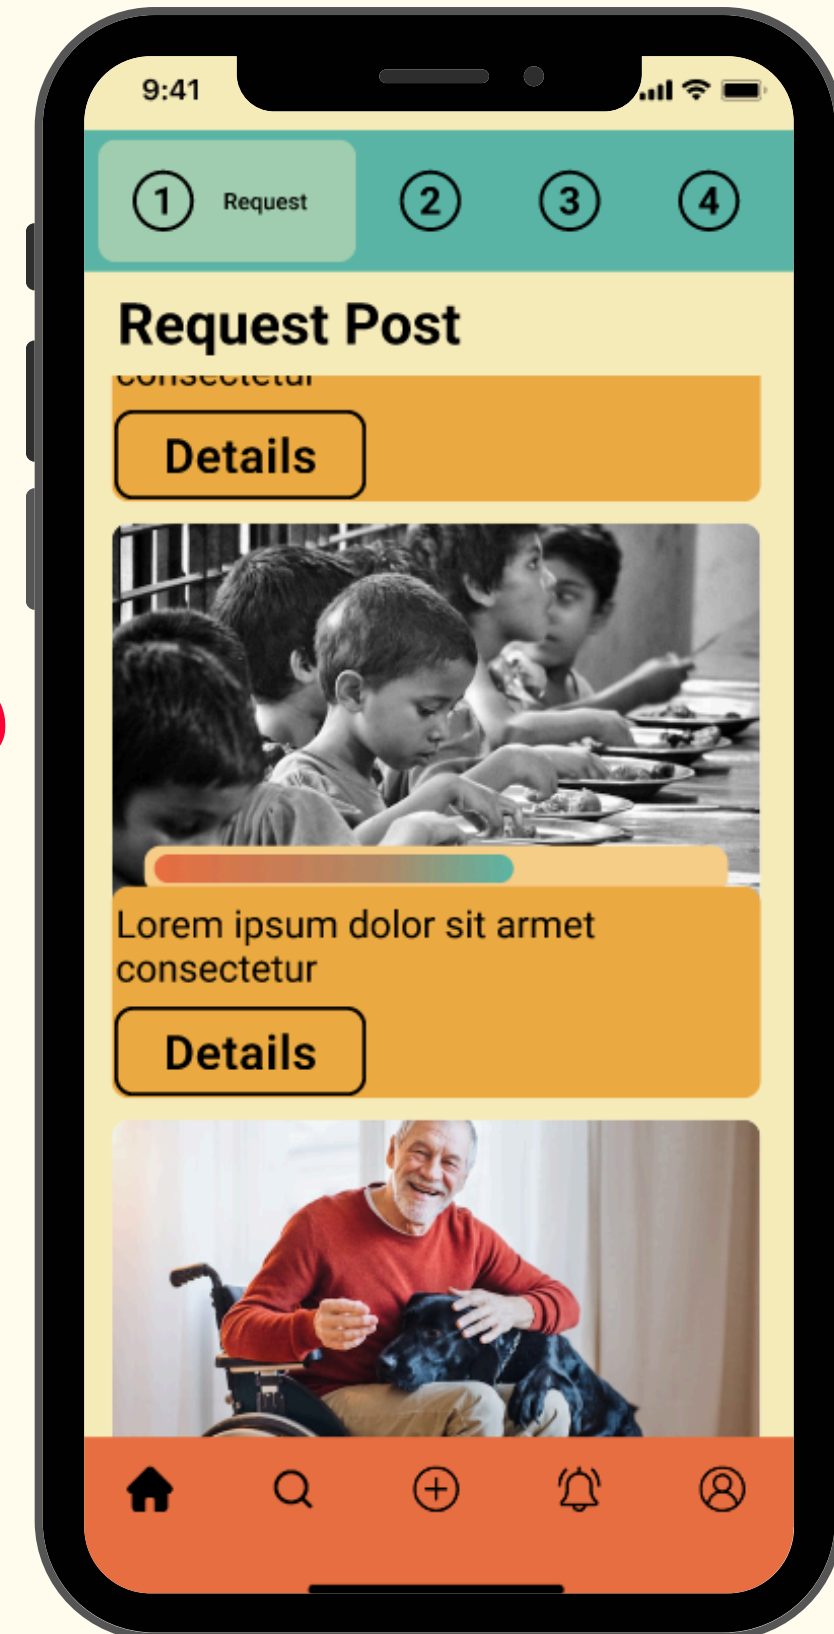

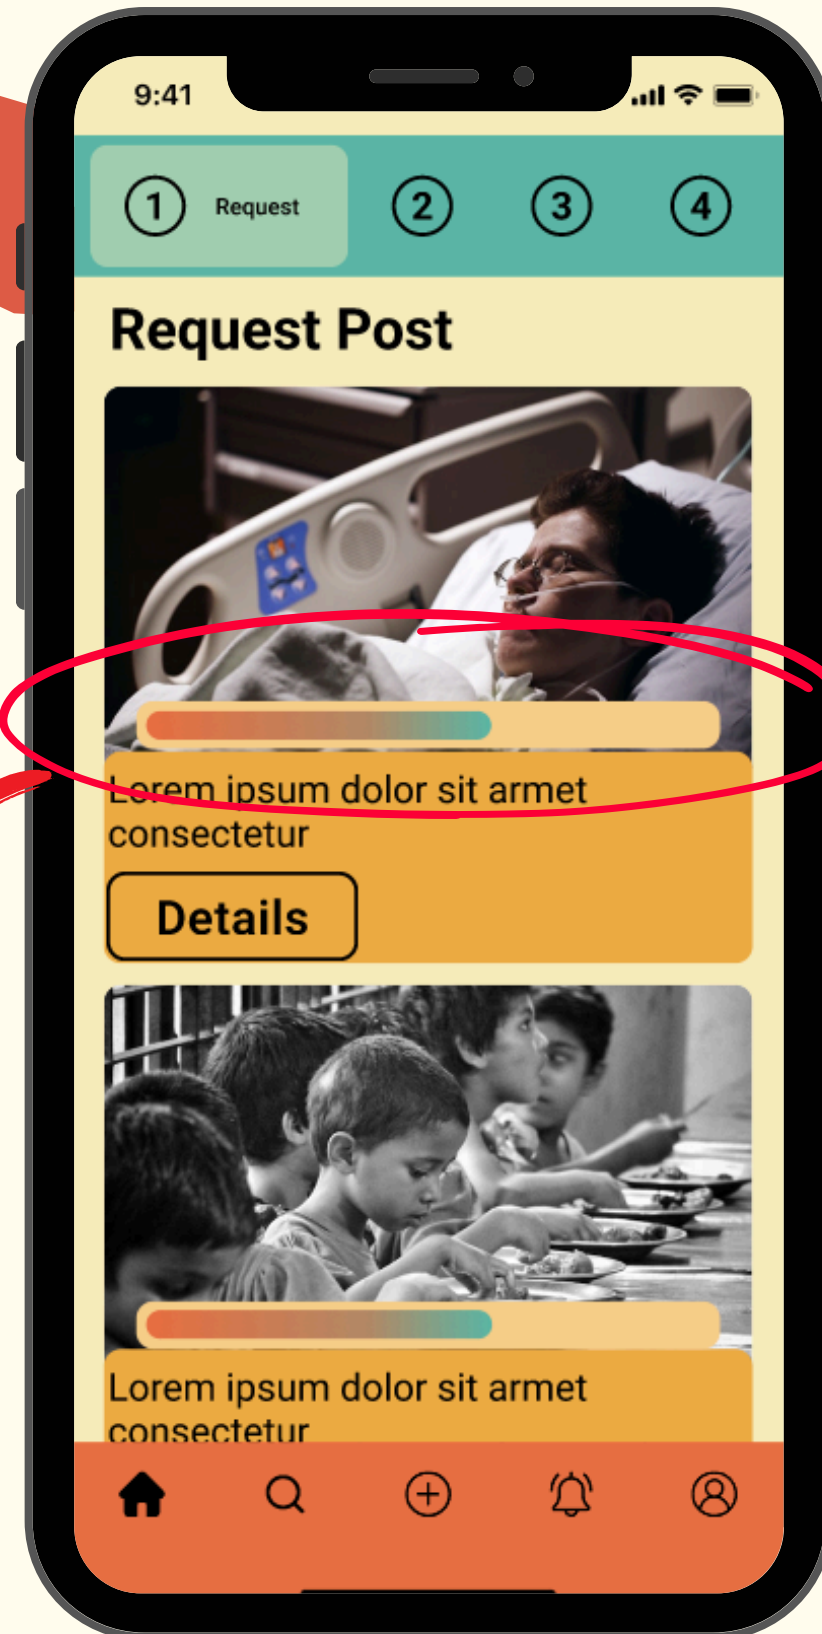

The sign up screen for the !XDonate app. It features a yellow background with a black header bar showing the time 9:41 and signal/battery icons. The app name '!XDonate' is centered at the top. Below it is an orange box containing the 'Create account' title. The form includes four text input fields labeled 'Email', 'Username', 'Password', and 'Confirm Password'. A green 'Create account' button is at the bottom of the orange box. Below the orange box, it says 'Whether you're here to offer love or seek support, we're here for you.' and 'Have an account ? [log in](#)'.

HOME PAGE

Displays featured post, recent requests, and allows users to explore, donate, or start a fundraiser.

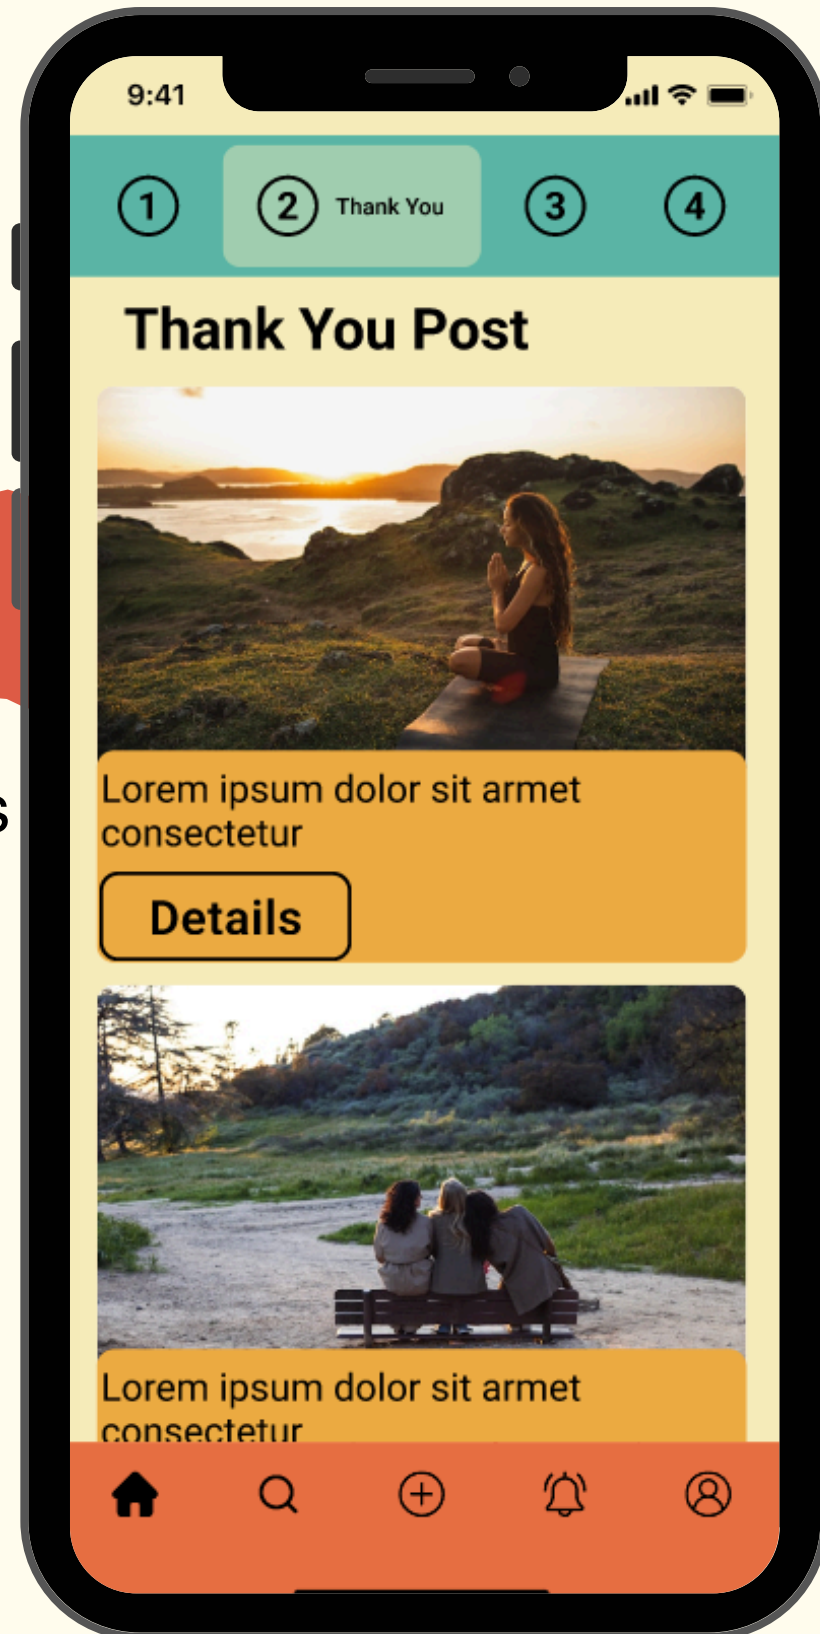

Progress bar

Shows how much has been raised toward a donation goal in real time

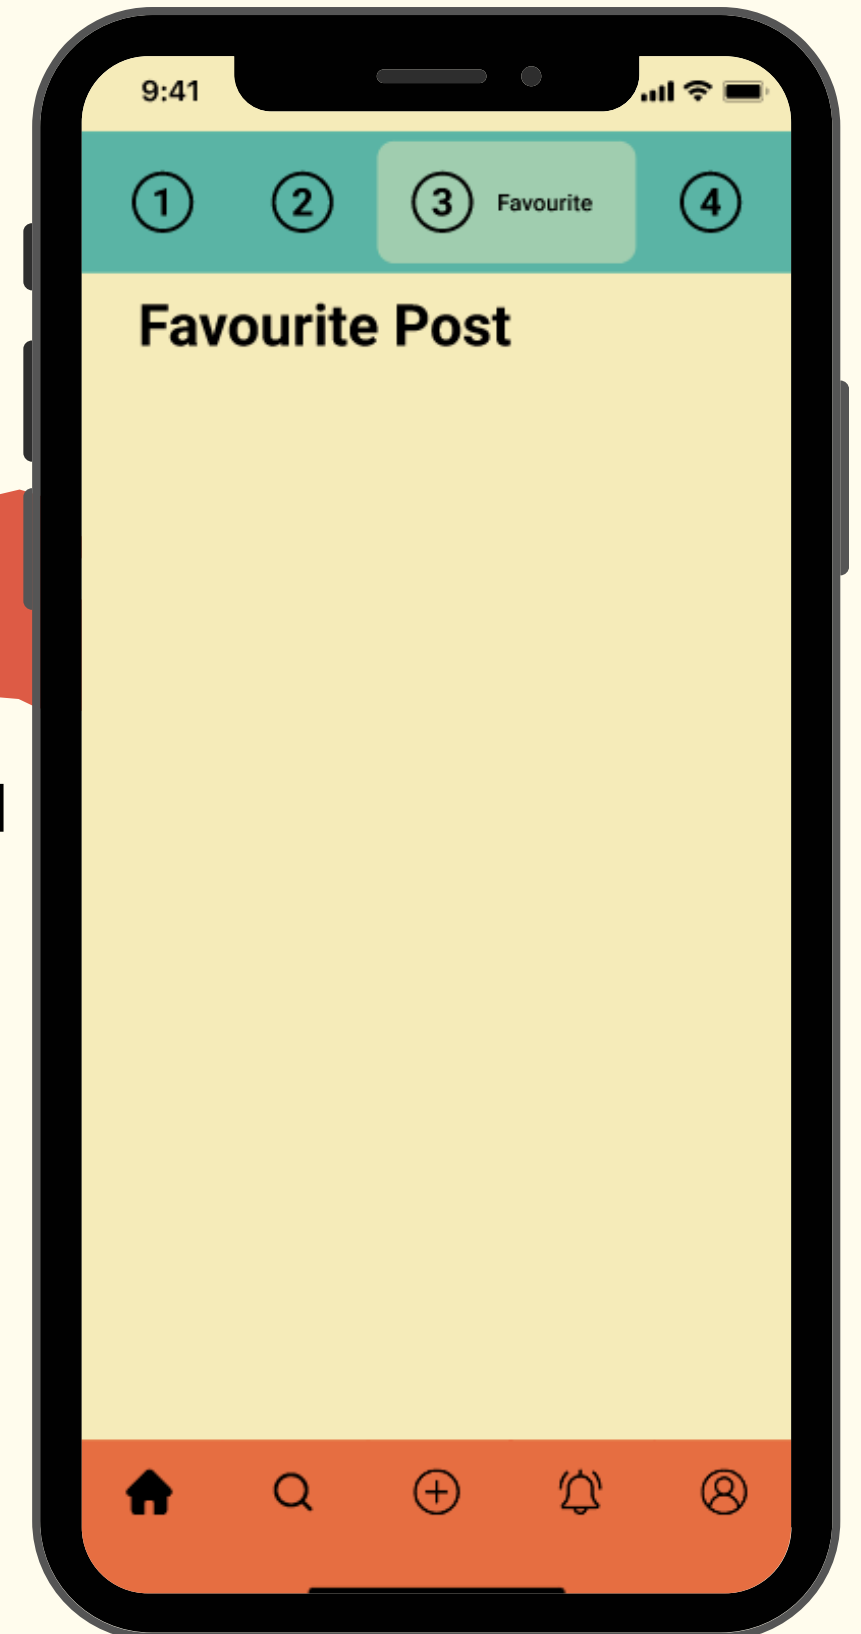

THANK YOU PAGE

A page where recipients express their appreciation and share updates after receiving donations.

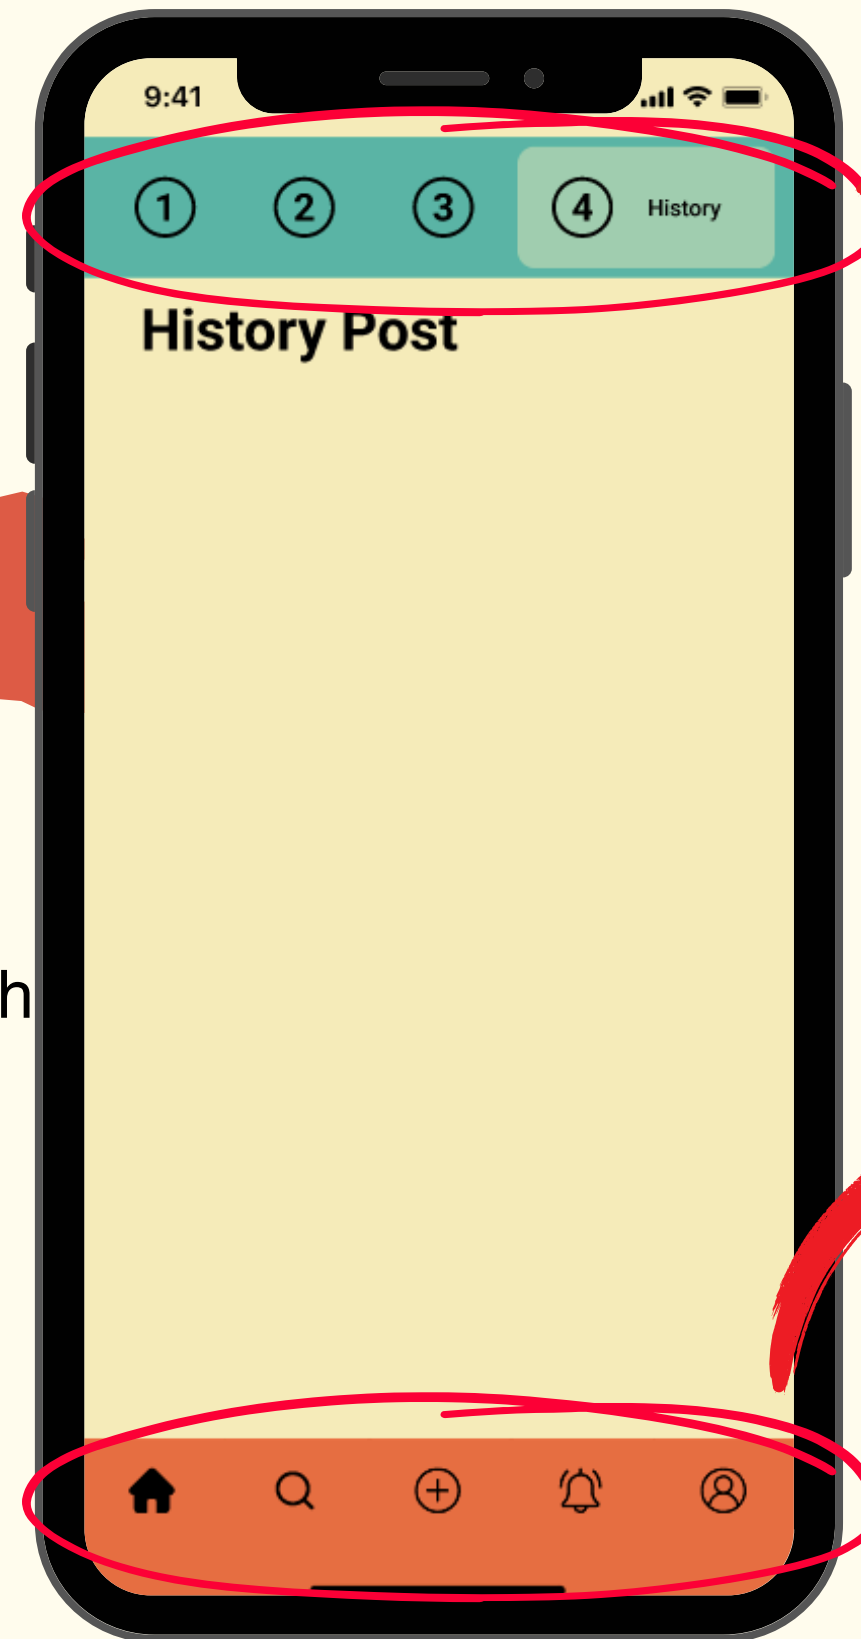

FAVOURITE POST

Allows users to mark and save posts they like or want to revisit later.

HISTORY PAGE

Displays a record of posts the user has viewed or interacted with previously.

Categories bar

Lets users navigate through different content categories directly from the home page.

Navigation bar

A menu that provides links to different sections or pages of the app for easy navigation."

CREATE POST

Allows users to share a new request by entering the purpose, description, images, and other relevant details.

Declaration box

A checkbox for users to self-declare that the post is genuine and the information provided is accurate.

☐ Declaration: I confirm that the information is true. False info may lead to removal.

POST

Drop down list

A dropdown list that lets users easily select the purpose for their request.

Input fields

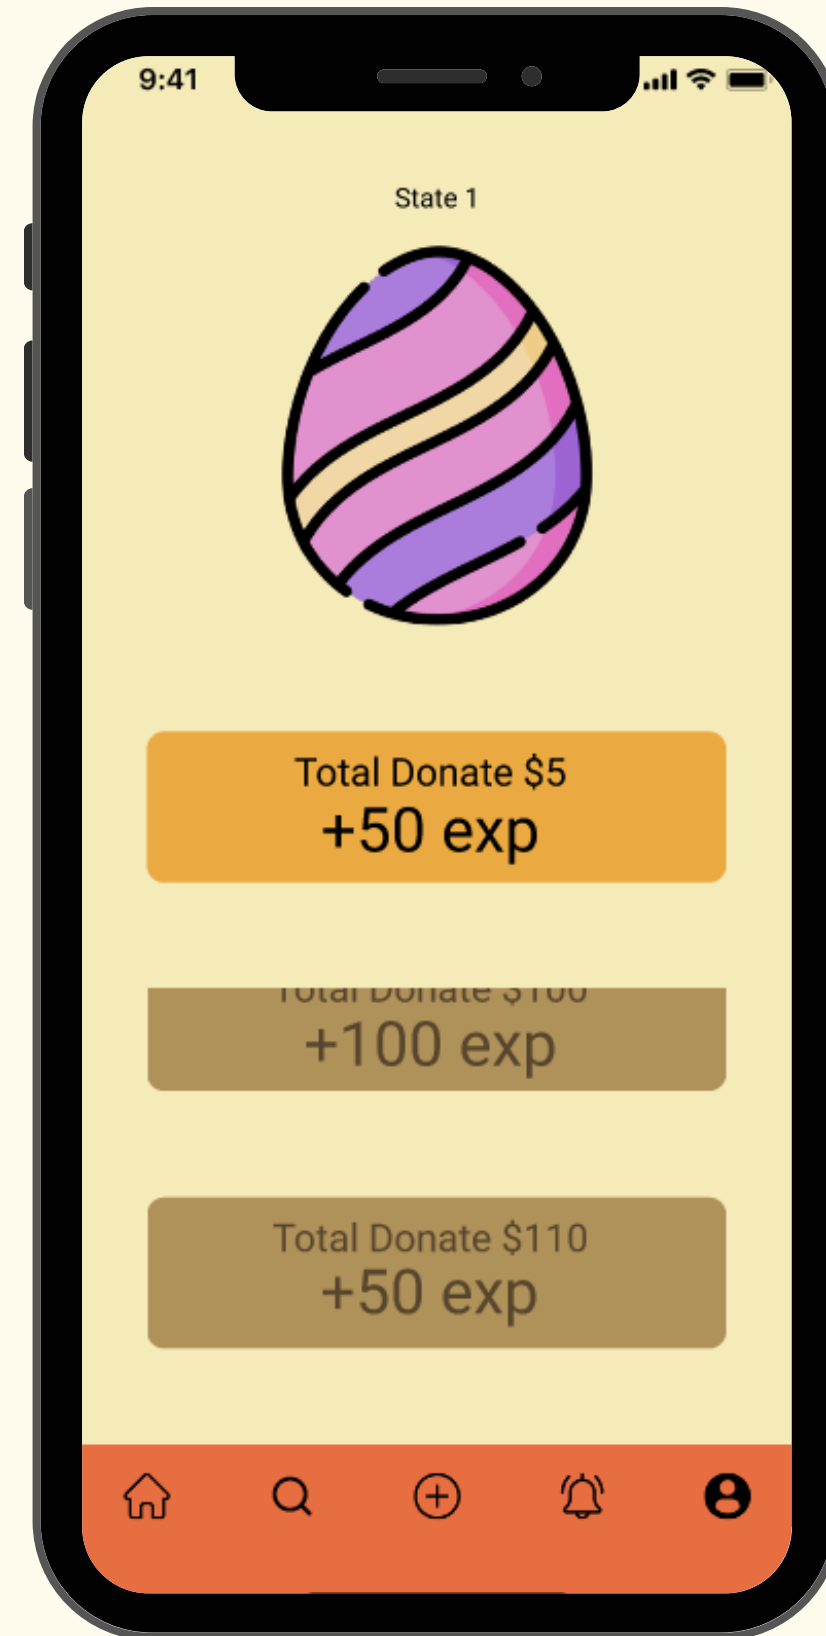

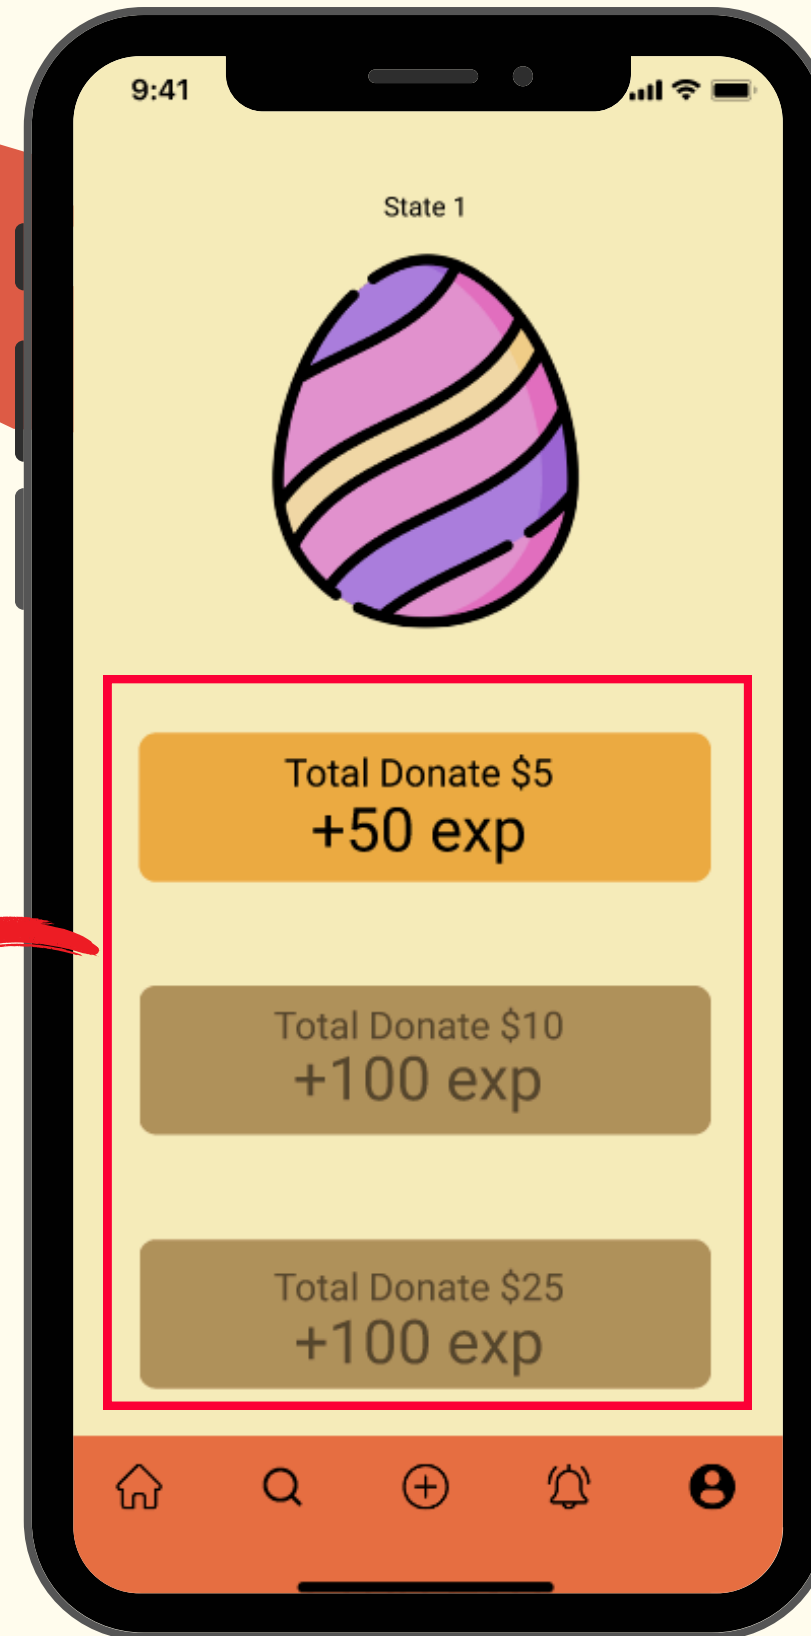

Provides input fields for users to fill in details such as description, amount needed, transaction details and upload images for their post.

ACHIEVEMENT PAGE

Displays the user's total contributions, earned XP, and pet progress—motivating continued support through fun milestones and rewards.

Color coded

Uses color-coded box to show achievement status

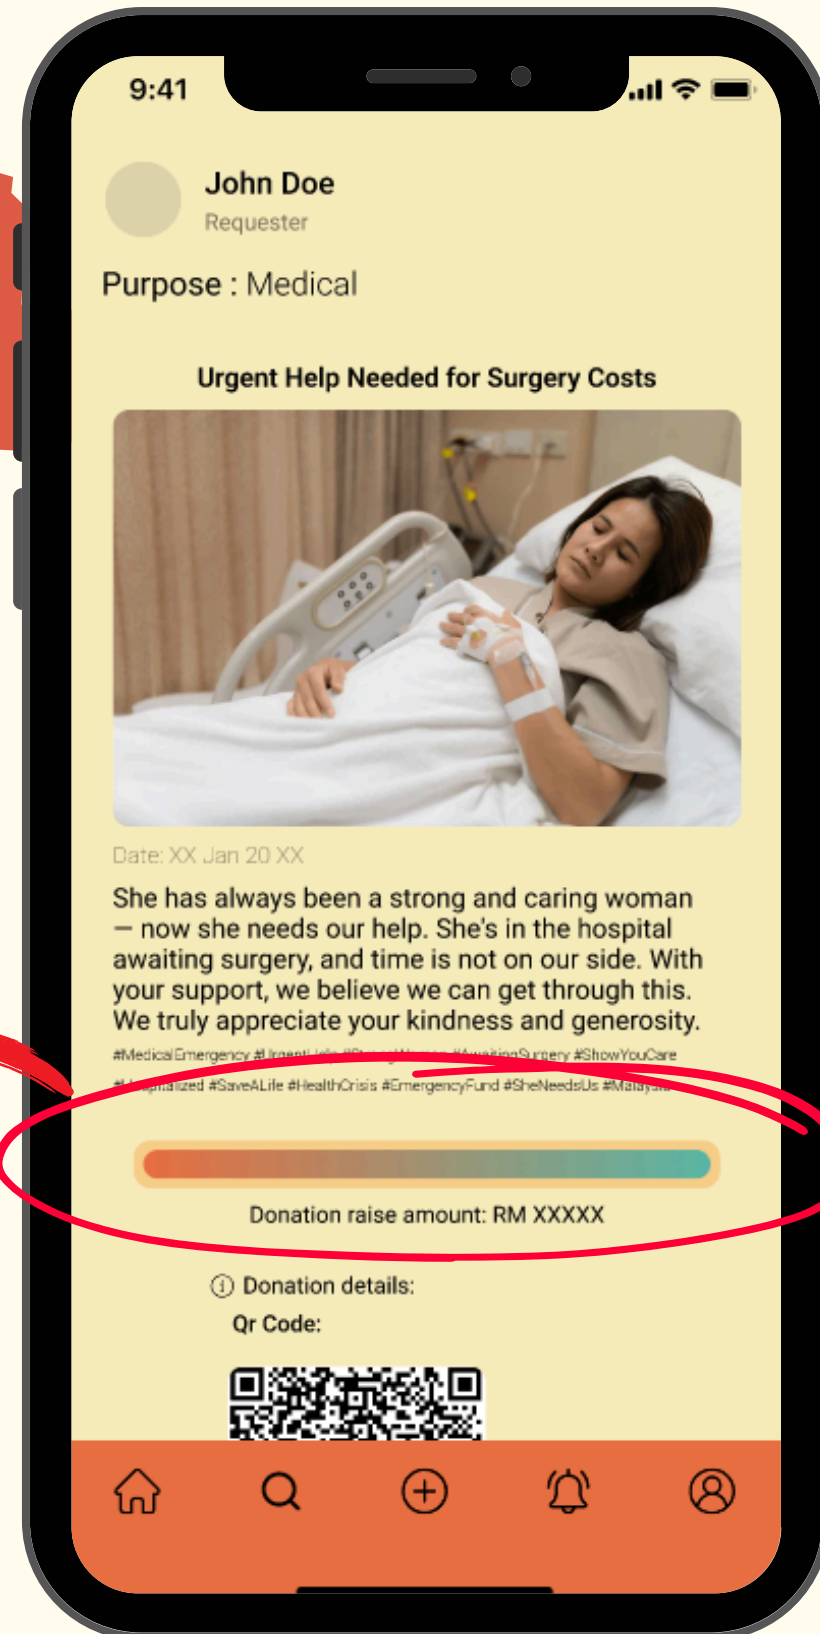

POST DETAIL PAGE

Displays the full details of a request, including content, images, and additional information.

Progress bar

Shows how much has been raised toward a donation goal in real time

TARGET USER

Individuals in urgent need of financial aid (e.g.: medical, education, etc..)

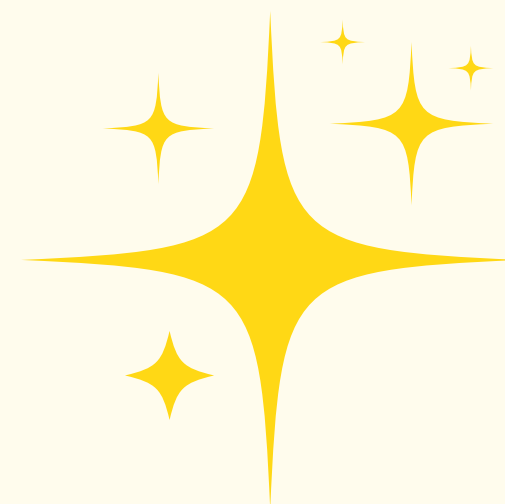

Everyday donor who want their giving to be meaningful and traceable

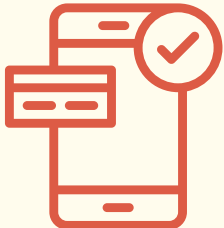

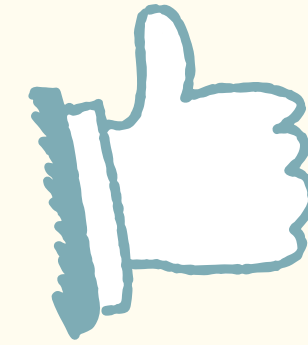

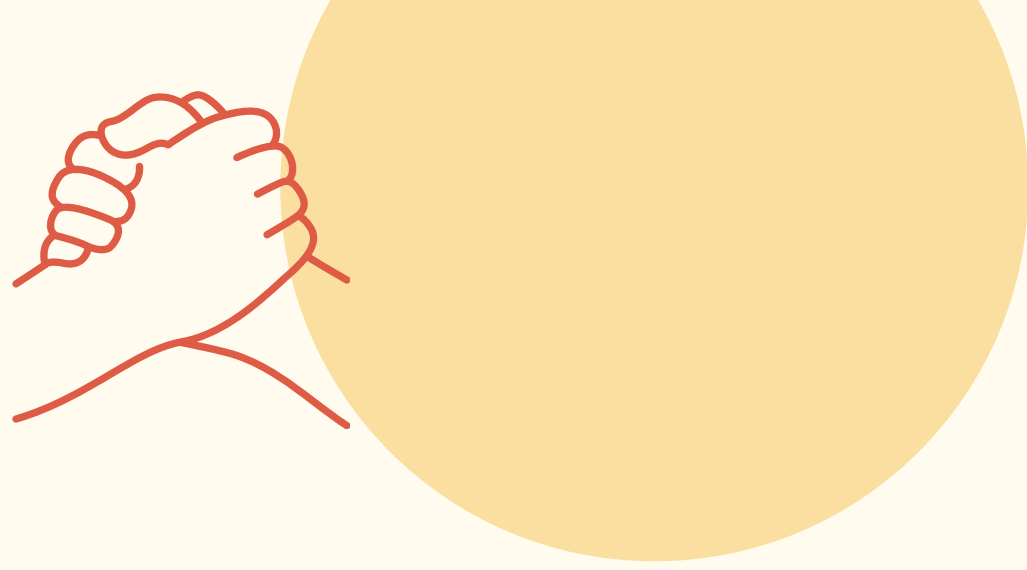

NGOs and institutions looking for transparent fund channels

UNIQUE VALUE PROPOSITION

 Traditional Platforms	 Our App
Manual screening	✓ AI screening
Limited transparency	✓ Blockchain traceability
Donation only by orgs	✓ Peer-to-peer donations
No feedback or achievements	✓ Gamified impact tracking

THANK YOU
